Summary of complaint:

Mount gravatt police two different officers on two different occasions refused to investigate fuel theft from my business when I supplied them a statement and strong evidence of the offence.

They also told me not to report for bail anymore as matter was fionalised then months later arrested me for not reporting. They then concealed the surveillance footage when I asked for the CCTV on the day I was told not to report apparently it ' couldn't be found' then some months later I had the reporting conditions removed from bail and the mount gravatt police then put ba warrant out again for me failing to report.

This was not an innocent mistake in light of the other occasions they have dishonestly dealt with my complaints or my bail

Have you reported this matter to any other department/agency?

Would you be concerned if your matter was dealt with by the agency you are complaining about?

Yes: No: If yes, please specify why:

Mount gravatt police have no intention of investigating any of this. They need to be charged in this matter for a whole string of offences. If the police refuse to act when Smerff is the target of criminal activity and thus is the second time I have supplied them overwhelming evidence of crime. If they refuse to act then the public is justified in taking matters into their own hands.
